The screenshot shows a Microsoft Internet Explorer window titled "In Vancouver! Web Services CMS Editor - Editing Page: products.html". Inside the browser, an "Insert Image" dialog box is open. The dialog has a title bar "Insert Image - Microsoft Internet Explorer" and contains the following elements:

- Header:** "Insert Image" in large blue font, followed by instructions: "Enter the URL of the image to insert or Choose an image from those shown below and click on its insert link to add it to your content. Click the 'Cancel' Button to close this window."
- Upload Image:** A text input field with "Upload Image:" to its left. To the right of the field are two buttons: "Browse" and "Upload". A blue callout box points to the "Browse" button with the text: "To upload a new image from your computer, select the 'Browse' button".
- External Image:** A section with a blue header "External Image" and a text input field containing "http://".
- Internal Image:** A section with a blue header "Internal Image" containing a list of images. The first entry is "spacer.gif" with a small image icon. To its right, the text "FileSize 49 Bytes" is displayed, followed by three links: "View", "Insert", and "Delete". A blue callout box points to this section with the text: "The Insert Image window opens. If you have images on the server, you should see a list of existing images".
- Buttons:** A "Cancel" button is located at the bottom left of the dialog. At the bottom of the browser window, there are two buttons: "Save Changes" and "Cancel Changes".
